RESUSCITATION SYSTEMS OF CARE
A TEAM EFFORT
Provisional Programme Call for Abstracts & Registration Form
The Conference Logo, "The Spark of Life", symbolises the vital essence of energy which keeps the human heart beating and the drive to breathe. It is the energy spark which is still present when the heart stops because of accident or illness; and which can be fanned to the flame or full life again, by timely cardiopulmonary resuscitation.

The original Conference Logo was designed by Mr Paul Ramsden, Artist of Brisbane, as a voluntary service.
Dear Colleague,

The Ninth “Spark of Life” Conference will be held in Melbourne on 18 – 20 April 2013. The theme of the conference will be “Resuscitation Systems of Care – A Team Effort”. The scientific content of the program delivers the latest resuscitation evidence and its translation to practice in order strengthening each link in the “chain of survival” to improve outcome. A faculty of international and Australian speakers with expertise in many facets of resuscitation have accepted our invitation to participate in the conference.

The conference is being held at the Hilton on the Park Melbourne, Wellington Parade, East Melbourne. We have returned to Melbourne and to the Hilton to celebrate the 20 year anniversary of the inaugural Spark of Life Conference in 1993 which was also held at the Hilton on the Park. The conferences were run every three years from 1993 – 2005 and because of their popularity this was changed to biennial from 2007.

One again a significant Trade Exhibition will be set up and you will be able to view the latest in resuscitation equipment and training materials.

The Spark of Life conference provides an excellent opportunity to update knowledge as well as meet with old friends and make new acquaintances. I warmly welcome you to attend the 9th Spark of Life conference and look forward to meeting you in Melbourne in April 2013.

Professor Ian Jacobs
National Chairman
THE COUNCIL

The Australian Resuscitation Council is a national voluntary coordinating body which represents all major groups involved in the teaching and practice of resuscitation. Sponsored by the Royal Australasian College of Surgeons and the Australian and New Zealand College of Anaesthetists it consists of:

- Australasian College for Emergency Medicine
- Australian College of Critical Care Nurses Ltd
- Australian Defence Force
- Australian and New Zealand College of Anaesthetists
- Australian and New Zealand Intensive Care Society
- Australian Red Cross
- Cardiac Society of Australia and New Zealand
- College of Emergency Nursing Australasia
- Convention of Ambulance Authorities
- National Heart Foundation of Australia
- Paramedics Australasia
- Royal Australasian College of Surgeons
- Royal Australian College of General Practitioners
- Royal College of Nursing, Australia
- Royal Life Saving Society Australia
- St John Ambulance Australia
- Surf Life Saving Australia
- State Branches of the Council

CONFERENCE COMMITTEE

Mrs Carol Carey (Conference Convenor)

A/Professor Julie Considine – Scientific Convenor
A/Professor Tony Walker – Assistant Scientific Convenor
Professor Ian Jacobs – National Chairman
A/Professor Peter Morley – Deputy Chairman
A/Professor Mike Parr – Secretary/Treasurer
INTERNATIONAL KEYNOTE SPEAKERS

Dana EDELSON (Chicago, USA)
Dr. Edelson is an Assistant Professor in Hospital Medicine at the University of Chicago, where she serves as Director of Clinical Research for the Emergency Resuscitation Center. She received her undergraduate degree at Brandeis University and her medical degree from the University of Chicago, where she was elected to the Alpha Omega Alpha Medical Honor Society and received the American Medical Women’s Association Award for scholastic achievement. Following a residency in Internal Medicine, she completed a fellowship in resuscitation science and hospital medicine, as well as a Master’s of Science in Health Studies. She is the recipient of career development awards from the American Heart Association and National Institutes of Health for her research in CPR quality and prevention of in-hospital cardiac arrest and was a co-author of the 2010 American Heart Association Guidelines for Cardiopulmonary Resuscitation and Emergency Cardiovascular Care.

Mads GILBERT (Norway)
Dr Mads Gilbert is a Norwegian Anesthesiologist and Professor of Emergency Medicine at The University Hospital of North Norway. He has a broad range of international experiences from various locations in the global South. With others, he has developed new training models (“The Village University”) to build local emergency teams in particular where war and post-conflict landmine problems case many avoidable deaths. Dr Gilbert has also been active to improve the pre-hospital chains-of-survival for cardiac arrest in remote rural areas of Norway, emphasising decentralised team building and moving diagnosis and treatment closer to the patients in time-critical medical conditions.
Swee Han LIM (Singapore)

Dr Lim Swee Han obtained an M.B.B.S from the National University of Singapore (NUS) in 1986. In 1992, he obtained his fellowship from the Royal College of Surgeons of Edinburgh in Accident & Emergency Medicine. He is currently a senior consultant of the Singapore General Hospital’s department of Emergency Medicine, Clinical Associate Professor at NUS and an Adjunct Associate Professor at the Duke-NUS Graduate Medical School, Singapore. He was awarded the Health Manpower Development Plan Scholarship by the Ministry of Health, Singapore in 1992 and 1995. In 1992, he was an Honorary Registrar with the A&E Department in the Royal Infirmary Edinburgh, Honorary Registrar at the A&E Department in Hope Hospital, University of Manchester, UK and a Clinical Fellow for the department of Emergency Medicine University of Cincinnati Medical Centre, Cincinnati, Ohio, USA.

Dr Lim Swee Han is the Chairman of the Basic Cardiac Life Support (BCLS) Subcommittee, National Resuscitation Council, Singapore, an examiner for the Joint Final M. Med (Emergency Med) /MCEM Examinations & Exit Interviews for Emergency Medicine Advanced Trainees. He is also currently the President of the Society for Emergency Medicine in Singapore, Secretary of the Chapter of Emergency medicine, Academy of Medicine and a member of the Medical Advisory Committee, Singapore Civil Defence force, Ministry of Home Affairs, Singapore.

He has been the Honorary Secretary of the Asian Society of Emergency Medicine since 2009 and was the founding Secretary of the Resuscitation Council Asia (RCA) from 2005–2011 and has been the Chairman of the RCA since 2011.

In the 2005 International consensus on CPR and ECC science with treatment recommendations (CoSTR), he was the worksheet author of Management of Narrow Complex Tachycardia and Management of Bradycardia (including pacing). In 2010, he was the Co-chair of Advanced Airway and CPR Adjunct subcommittee ALS Task Force. He is the Treasurer of ILCOR and a member of BLS task force since 2012.

Laurie MORRISON (CANADA)

Dr Laurie Morrison is a Professor and Clinician Scientist in Emergency Medicine, Department of Medicine at the University of Toronto, and the Director of Rescu, a resuscitation research program within the Keenen Research Centre and Li Ka Shing Knowledge Institute at St Michael’s Hospital. She conducts systematic reviews and meta-analyses in topics pertaining to Acute Coronary Syndrome, Stroke and Resuscitation and has established a collaborative network to conduct and publish randomized controlled trials and outcome validation studies in prehospital resuscitation research. She is a National Institute of Health and Canadian Institute of Health Research funded investigator within the Resuscitation Outcomes Consortium and Director of the first collaborative graduate training program in resuscitation sciences in Canada.

She is a member of the Advanced Cardiac Life Support committee of the American Heart Association and the Past Chair of the International Liaison Committee of Resuscitation Advance Life Support Taskforce for 2010.
A/Professor Stephen Bernard

Associate Professor Stephen Bernard is an Intensive Care Physician at The Alfred Hospital and Director of Intensive Care at Knox Private Hospital in Victoria, Australia. He is also Medical Advisor to Ambulance Victoria.

His research interests include the use of therapeutic hypothermia for the treatment of neurological injury after resuscitation from out-of-hospital cardiac arrest. He has published the results of a number of clinical trials in this area, more recently examining the role of large-volume, ice-cold intravenous crystalloid fluid for the induction of hypothermia by paramedics after resuscitation from out-of-hospital cardiac arrest.

He is chief investigator of a current clinical trial of cooling during cardiac arrest and co-investigator of clinical trial of therapeutic hypothermia after severe traumatic brain injury.
VENUE
The ninth Spark of Life International Conference will be held at the Hilton on the Park, Melbourne 18-20 April 2013.

REGISTRATION CENTRE
Registration for the Conference will be at the Hilton on the Park and the registration centre will be open from 7.30am to 5.30pm each day.

Registration Fees:
Neonatal Satellite Meeting Thursday 18 April 2013
$275.00 + GST = $302.50

2 Day SOL Conference 19-20 April 2013
$550.00 + GST = $605.00 (before 18 March 2013)
$600.00 + GST = $660.00 (from 19 March 2013)

A copy of the registration form can be obtained from the ARC website www.resus.org.au.

LUNCH, MORNING AND AFTERNOON TEAS
Lunch, morning and afternoon teas will be provided on both days of the Conference for all registered conference delegates.

TRADE EXHIBITION
The trade exhibition will be situated on the Mezzanine Floor. Morning & afternoon teas and lunch will be served in this area.

WELCOMING COCKTAIL PARTY
The Welcoming Cocktail Party will be held between 6.00pm and 8.00pm on Thursday evening 18 April 2013. This is free of charge for delegates registered for the two day conference. Please indicate your attendance by marking the appropriate section of the registration form.

ACCOMPANYING PERSONS
• Welcoming Cocktail Party: $40.00/head
• Conference Dinner: $143.00/head

Please complete the appropriate section of the registration form. (An accompanying person is not eligible to attend the Neonatal Satellite Meeting or the two day scientific meeting.)

CONFERENCE DINNER
There will be a Conference Dinner on Friday 19 April 2013 at 7.30 pm for 8.00pm. Dress will be lounge suit. Cost of the dinner is $143.00 per head (Incl of GST). Please mark the appropriate section of the registration form and include your payment with your registration fee.

IMPORTANT DATES
30th November 2012 Close of Submission of Abstracts and Poster presentations.
18th March 2013 Close of early bird Registration Fee
19th March 2013 Late registration fee applies

PRELIMINARY PROGRAM – SOL CONFERENCE  
SATURDAY 20 April 2013

0830–1030 Plenary IV  
Paediatric Resuscitation  
Chair: TBC  
(4 x30 mins)  
Compression only CPR?  
Pro: TBC  
Con: A/Prof Peter Morley  
Paediatric versus neonatal resuscitation:  
when to use what?  
A/Prof Vinay Nadkarni  
ARC neonatal resuscitation training  
program and highlights from the  
neonatal satellite meeting  
Dr Helen Liley  
Anaphylaxis guidelines  
Dr Richard Loh  

1030–1100  
Morning tea  

1100–1300 Plenary V  
Resuscitation Controversies  
Chair: TBC  
(4 x 30 mins)  
Is oxygen a good thing in resuscitation?  
Pro: Prof Gavin Perkins  
Con: Dr Peter Leman  
Do anti-arrhythmics have a  
place in resuscitation?  
Pro: A/Prof Darren Walters  
Con: Dr Swee Han Lim  
Airway management: is endotracheal  
Intubation better than supraglottic  
airway?  
Pro: A/Prof Mike Parr  
Con: Prof Jerry Nolan  
Do CPR assist devices work or are  
they a waste of money?  
Pro: A/Prof Peter Morley  
Con: Prof Laurie Morrison

1300 – 1400 Lunch

1400–1530 Plenary VI  
Resuscitation and Cardiac Care  
Chair: TBC  
(3 x 30 mins)  
Am I having a heart attack?  
A/Prof Peter Morley  
Am I really having a heart attack?  
Dr Swee Han Lim  
Time to change the focus of  
out-of-hospital cardiac arrest  
Dr Mads Gilbert

1530–1600  
Afternoon tea

1600–1650 Plenary VII  
Resuscitation Decisions  
Chair: TBC  
Starting and stopping: a case study  
Panel  
Resuscitation outcomes and  
Closing remarks  
Prof Ian Jacobs

DELEGATES: PLEASE CONTACT THE HOTELS DIRECT TO MAKE A BOOKING AND REQUEST THE SPECIAL “SPARK OF LIFE CONFERENCE” RATE WHERE APPLICABLE.
CALL FOR ABSTRACTS

An abstract form is included in this booklet or from the ARC website www.resus.org.au.

The abstract form is A4 in size and the page setup should be:

<table>
<thead>
<tr>
<th>Left margin</th>
<th>Right margin</th>
<th>Top margin</th>
<th>Bottom margin</th>
</tr>
</thead>
<tbody>
<tr>
<td>2.0cm</td>
<td>2.0cm</td>
<td>2.0cm</td>
<td>15.5cm</td>
</tr>
</tbody>
</table>

The title should be 2.0cm from the top of the page; the Authors should be 2.8cm from the top of the page; the Institution/City should be 3.7cm from the top of the page and the text must commence 4.5cm from the top of the page. The type font is Times New Roman in 10 point and the space setting is single space. Please ensure that your abstract is in Word for Windows format.

Abstract Guidelines

- Abstracts are required for ALL presentations including invited speakers.
- The 'Title' box should be brief, but explicit and typed in capitals.
- The 'Authors' box must show initials and then surname only. The surname of the presenting author should be underlined.
- The 'Department/Organisation' box must show that only.
- The abstracts should be no more than 250 words (this does not include titles, authors etc) and must be written in English.
- Abbreviations should be used only for common terms. For uncommon terms, the abbreviation should be given in brackets after the first full use of the word.
- Time allowed for free paper presentations is 10 minutes followed by 5 minutes for questions and discussion.
- Presentations must be provided in Power Point format.
- Facsimiles of abstracts will not be accepted.
- Receipt of abstracts will be acknowledged.

All abstracts must be emailed to ARC@surgeons.org along the lines above and as per the example on the following page.

POSTER PRESENTATIONS

- Posters should not exceed 1.0m by 1.4m.
- Presenters must provide their own materials for mounting the poster. Adhesive Velcro tabs are recommended.
- Presenters will be required to attend their posters during a period of 1-2 hours indicated by the Conference Organiser, to answer questions from delegates and judges.
- The poster should not be overburdened with detail – minimizing detail maximizes information transfer.
- Posters should be in clear print that can be easily read from distances over one metre.
- The title should also display the names of the author(s) and the institution(s) of origin. Illustrations should be professionally created (hand drawn matter is unacceptable). The poster should contain the study objectives, methods, results and conclusion(s).
- Authors may provide handout material relating to their poster.

A prize will be awarded for the best free paper and best poster.

Please forward abstracts and poster abstracts to arrive no later than 18 January 2013 to:

Mrs Carol Carey, Conference Convenor, Australian Resuscitation Council,
C/- Royal Australasian College of Surgeons, 250-290 Spring Street, East Melbourne, Vic. 3002
