The 6th Annual WISER Symposium on Nursing Simulation will be held on Thursday, June 6th and Friday, June 7th, 2013 at the Hilton Garden Inn University Place and the Peter M. Winter Institute for Simulation Education and Research (WISER) in Pittsburgh, Pennsylvania. New this year, WISER will host interactive sessions at the WISER Center during the Thursday afternoon sessions. During this one and a half day program, participants will learn from national simulation experts about unique approaches and opportunities in simulation curriculum development for undergraduate, graduate, and professional nursing educators. Participants will also learn about recent advancements in simulation research and education as well as develop skills as simulation educators in curriculum development and implementation.

Registration is now open. Space is limited. For more information about this highly regarded event, please visit our website at www.wiser.pitt.edu/nursingsymposium.
