

Laerdal Medical, one of the world's leading providers of Healthcare Solutions, is dedicated to helping save lives. Laerdal serves healthcare providers and educators with products and services for Basic Life Support, Advanced Life Support, Simulation, Airway Management, Immobilization, Patient Care, Self-directed Learning and Medical Education.

## Technical Product Manager – Medical Devices

The Business Unit's overall responsibility is to manage all aspects of the complete product portfolios. This includes driving development and delivery of products and support in accordance with customer needs, providing marketing support for the field organization and managing product development projects.

The Therapy Product Platform based in Stavanger is part of the Resuscitation Business unit and is looking to recruit a Technical Product Manager.

### What you will do

You will work with business management and technical specialists that include Mechanical, Electronics, Software, and Design & Human Factors within the medical device product team.

You will use your skills to help us maintain and improve technical product specifications for medical devices.

### About you

You hold a bachelor or master's degree in either electrical engineering or mechatronics, and have a minimum of 3 years' work experience within the field of electronics.

You are able to demonstrate a good understanding of FMEA, root cause investigations and risk management activities. Ideally you will have good understanding of product standards within the Medical Device or Oil and Gas Industries.

You are organized, systematic and fluent in English (oral and written)

### About your colleagues

You will work in a diverse multi-cultural environment with people who strive to 'help save lives'. We value each other's professionalism and enthusiasm and enjoy solving complex challenges. We are rewarded with a competitive work package and benefits.

For more information about this position contact Jules Eilledge on +47 51511909/+47 47624350.

Send your application with a current CV, designated 'Technical Product Manager – Medical Devices' to [HR@laerdal.no](mailto:HR@laerdal.no). Closing date is **13.04.15**.
