

Laerdal Medical, one of the world's leading providers of Healthcare Solutions, is dedicated to helping save lives. Laerdal serves healthcare providers and educators with products and services for Basic Life Support, Advanced Life Support, Simulation, Airway Management, Immobilization, Patient Care, Self-directed Learning and Medical Education.

By 2020, we have a goal of helping save 500,000 more lives. Every year.

Program Implementation Specialist – Nordic Region

We are searching for an experienced, entrepreneurial and impact-driven person to support customers and partners with the education and implementation of successful programs. You will be joining a diverse and international team driven by helping save lives.

The position is field-based and reports to the Program Manager – Nordic Region, with travels as required to customers and colleagues in the Nordic countries.

What you will do

As a Program Implementation Specialist, you will;

- Implement programs at customer sites, by applying relevant educational and technical solutions.
- Support new business development by working closely with customers and partners to plan and develop educational solutions according to their needs and goals.
- Establish productive, professional relationships with key personnel in assigned programs.
- Implement SimManager at customer site.
- Proactively assess, clarify, and validate customer needs on an ongoing basis.
- Timely and accurately submit all required administrative reports and utilize closed loop
- communication to corporate teams and departments (Monthly Updates, Briefings, etc.).

About you

- You are a highly motivated and collaborative team player with excellent communication skills (English and Scandinavian languages).
- You have at least 3 years of medical healthcare education and a strong educational/pedagogical background.
- You have been instrumental in implementing successful simulation based educational programs, with ability to deliver and implement programs with high customer value and impact.
- You have the ability to network and engage with internal key personnel in assigned programs.
- You have project management skills and ability to coordinate and drive projects with multiple stakeholders in a professional and timely manner.
- You have ability to gather and analyse information and use the information to qualify and present business opportunities.

If you have questions about the position, please contact Ingrid Lærdal at ingrid.laerdal@laerdal.no or by phone +47 95 14 51 68.

Send applications with CV to HR@laerdal.no by **August 15th 2015**
Please type "Program Implementation Specialist"
in the subject line along with your name.
