

Laerdal Medical, one of the world's leading providers of Healthcare Solutions, is dedicated to helping save lives. Laerdal serves healthcare providers and educators with products and services for Basic Life Support, Advanced Life Support, Simulation, Airway Management, Immobilization, Patient Care, Self-directed Learning and Medical Education.

Sourcing Engineer

We are searching for an experienced and impact-driven person for our sourcing team in Stavanger. You will be joining a diverse and international team driven by helping save lives.

Laerdal Medical is an international company with presence in more than 23 countries with Manufacturing plants in Norway, China, USA and Mexico. We have an international supplier base providing a wide range of products and services.

We consider the Sourcing and Procurement function to be an important enabler to secure value creation for the company. Development of new and existing suppliers is an area of strategic importance to the company. The position will report to the Sourcing Manager of Finished Goods and Services in Stavanger.

The Position (key responsibilities):

- Support Stavanger Manufacturing with sourcing of specific components and services
- Identify potential suppliers, qualify and execute tender processes
- Negotiate, establish supplier controls and implement
- Secure in-phasing of new components in an efficient manner
- Work closely with the technical and manufacturing teams to develop good solutions

The Candidate (desired skills and experience):

We are looking for a candidate with a technical background, Mechatronics, Mechanical, Electrical or other relevant discipline.

You also need to have:

- Minimum 3 years of experience with Sourcing and Procurement
- Ability to gather and analyze information and use the information to qualify and present business opportunities
- Excellent communication skills with proficiency in written and spoken English, knowledge of a Scandinavian language is an advantage

For more information, please contact Sourcing Manager Finish Device and Services, Sjur E. Gausel (+47 959 25 166) or Procurement Manager, Ane Hammer Eliassen (+47 932 07 664).

Application with CV should be sent to HR@laerdal.no within **August 20th, 2015**.
