Designed and built for nursing education

Nursing Anne Simulator

From basic assessment to advanced practice, Nursing Anne Simulator allows students and nursing professionals the ability to practice core skills, enhance clinical knowledge, and experience highly realistic patient encounters that will prepare them to provide the highest level of care. This engaging and robust platform enables nurses to practice a wide range of competencies both as a skills trainer and as a highly realistic female simulator.
Nursing Anne Simulator

AIRWAY & BREATHING
- Realistic airway with uvula, epiglottis, vocal cords and esophagus
- Various oxygen delivery methods
- Bag-mask ventilation
- Oral/nasal intubation
- Right mainstem intubation
- Trach care and tracheal suctioning with fluid
- Soft palate for practice of intubation
- Spontaneous breathing synchronized with selected breath rate (0-60 bpm)
- Anterior and posterior lung sound auscultation sites

PATIENT ASSESSMENT AND CARE
- Palpable anatomy for assessment and site location
  - including clavicle, sternum, spine, anterior superior iliac spine, pubic symphysis, greater trochanter, and scapula
  - Wig for hair care procedures
  - Ear canal for practice of irrigation and cleaning
  - Oral care and hygiene

PATIENT HANDLING
- Full articulation of arms and legs for realistic patient handling procedures
- Head can be flexed into chin to chest position and remain flexed until repositioned
- Sits unassisted and bends at waist to tripod position

PATIENT MONITOR
- Touchscreen simulated patient monitor provides concise clinical feedback for physiological parameters
- Simulated parameters for SimPad and SimPad PLUS operation: ECG, etCO2, HR, SpO2, BP, RR, and Temperature
- LLEAP operation provides additional simulated parameters including CO2, CVP, ICP, anesthetic agent, TOF, cardiac output, and more. In addition, the LLEAP monitoring options can display x-ray, custom images, and custom video

PATIENT HANDLING
- Full articulation of arms and legs for realistic patient handling procedures
- Head can be flexed into chin to chest position and remain flexed until repositioned
- Sits unassisted and bends at waist to tripod position

CIRCULATORY SKILLS/FEATURES
- Bilateral carotid, brachial, radial, femoral, and pedal pulses
- Pulse palpation is detected and logged
- Bilateral measurement of non-invasive blood pressure (auscultated or palpated)
- Heart sounds synchronized with ECG
  - Simulated parameters for SimPad and SimPad PLUS
  - Touchscreen simulated patient monitor provides concise clinical feedback for physiological parameters
- Simulated parameters for SimPad and SimPad PLUS operation: ECG, etCO2, HR, SpO2, BP, RR, and Temperature
- LLEAP operation provides additional simulated parameters including CO2, CVP, ICP, anesthetic agent, TOF, cardiac output, and more. In addition, the LLEAP monitoring options can display x-ray, custom images, and custom video

URINARY & BOWEL SKILLS/FEATURES
- Female genitalia with realistic anatomy
- Urinary catheterization with ability for proper fluid return
- Enema administration and simulated rectal injection sites

MEDICATION ADMINISTRATION
- Bilateral pre-ported IV arms with capability for intravenous bolus or push through intravenous infusion
- Bilateral deltoid, ventral gluteal, dorsal gluteal and thigh injection sites
- G tube for feeding or medication administration

OTHER FEATURES
- Midclavicular central line catheter for site care and infusion procedure
- Pre-recorded vocal sounds can be played at a controllable volume
- Blinking eyes with adjustable blink rate
- Ability to open, close or partially close eyes for consciousness cue
- Interchangeable pupils (normal, dilated, constricted)
- CPR capable
- ECG monitoring capabilities when used with SimPad PLUS, SimPad Classic or LLEAP, and ShockLink
- Defibrillation, cardioversion and pacing when used with ShockLink
- Four independently controlled auscultation areas for bowel sounds
- Fetal heart tone sounds

ORDERING INFORMATION
320-05050  Nursing Anne Simulator
Full body, medium skin tone simulator with articulating arms and legs. Includes: Brunette wig, brown pupil set, trach tube training tool and fill syringe, ostomy set, blood pressure cuff, lubricant spray, simulated blood, adult gown and quick setup guide.

Operation
Nursing Anne Simulator can be operated by a SimPad/SimPad® PLUS remote or a LLEAP instructor computer and can utilize a simulated patient monitor:
- SimPad PLUS (handheld remote)
- Laptop Instructor PC-Patient Monitor
- Tablet Instructor PC-Patient Monitor
- Rugged Instructor PC-Patient Monitor
- All in One Panel PC Instructor PC-Patient Monitor

Licenses
204-50150  LLEAP for SimPad PLUS Software License
400-01050  LLEAP PC Software License

Accessories
404-96050  USB HD Web Cam
212-29650  Headset and Mic with USB (LLEAP Operation)
200-30950  SimPad Headset
185-10050  ShockLink System (adapter cables may be required)
216-20001  SimView Mobile System
375-51001-M  Multi-Venous Arm, Adult Female, Left
320-21150  Wig Blonde
213-20050  Blue Pupil Inserts

SimStore™ Scenarios
Easily integrate Nursing Anne Simulator into your training program by utilizing any of the 80+ validated, standardized scenarios from industry experts such as the National League for Nursing specifically designed to address core nursing competencies including:
- Fundamentals of Nursing
- Pharmacology
- Health Assessment
- Medical-Surgical
- Mental Health

SimStore scenarios include support materials that contain patient charts and documentation as well as information about preparation for the scenario, learning objectives, student information, debriefing points, and more

Services
Laerdal offers comprehensive Educational Services to support your curriculum, and Technical Services to meet your product servicing needs. Whether you are setting up a one-room simulation site or a multi-bed simulation center, Laerdal can help.
