- The Territory Manager will be responsible to achieve annual sales goals through efficient management and satisfaction of customer needs within assigned tasks
- The Territory Manager will report activities on a regular base in the appropriate system (daily, weekly, monthly, and quarterly)

Tasks and responsibilities

- Achieve sales performance against territory budget
- Following pricing policy
- Execute territory action plan define by sales manager
- Provide a high level of product knowledge to end customers
- Implement agreed sales activities in the territory
- Implement sales and long term relations building via sales visits, product demonstrations, network meetings and aftersales service as well as quick customer responsiveness, predominantly to A+B customers
- Support local distributors
- Report sales activities and opportunities in the CRM system

Competencies:

- Strong closing sales skills. Prior attendance at formal sales training courses a plus
- Excellent oral, written and telephone skills and this in French, and good notions in Dutch and English
- Organizational skills for proper territory planning/management
- Working knowledge of healthcare, EMS and medical education market segments within assigned territory
- Knowledge of anatomy and physiology of cardiovascular system a plus
- Demonstrated record of prior achievement in prior sales position
- Ability to learn on autodidact base and retain product specific information
- Computer literate with knowledge of Word processing applications, Excel spreadsheets and PowerPoint for presentations

Work environment:

- Work performed mainly in the field (travel to customer site)
- Working hours may vary and could require evening and weekend work depending on business needs
- Travel (up to 80%) mainly in Belgium, The Netherlands, and occasionally in other European countries if required
- Lifting and carrying of supplies, files, products etc. (up to 30 Kg.)

Are you triggered? We would love to hear from you.
