## SimStart

Increased realism with simulated  
AED and defibrillator monitor

### Ideal for in-situ simulation

SimStart is a portable and affordable training solution to simulate the use of an AED or an advanced monitor/defibrillator. Integrate SimStart with any Laerdal manikin, simulator or standardized patient to achieve more comprehensive and realistic simulation training.

Meet your learning objectives

## Real training, real results

### Track vital signs

Add AED or monitor/defibrillator to your simulation to provide learners with a lifelike learning situation.

### Capture data

Capture, store and track progress of every learner. All events are automatically registered and logged with LLEAP simulation software, providing richer debriefing and reporting.

### Improve performance

Realistic training combined with data analysis provides a good foundation for quality improvement initiatives.

### Simulation flexibility

## Optimized for your needs

### Simulated AED and monitor/defibrillator

Integrate SimStart with any manikin, simulator or standardized patient for a more realistic simulation experience.

### Wireless operation and control

Plan, run and assess your simulation training with LLEAP simulation software. Control the entire simulation with a SimPad PLUS or Instructor PC.

### Easy to use

Quick to set up and easy to use – SimStart is ready when you are. It's generic interface offers a familiar experience for all learners.

### Scenarios for your learning objectives

Use pre-built scenarios from Laerdal for reliable, reproducible simulations. Or create your own.

## Built for your needs

If you already use simulators and manikins:

### Bridging the gap

SimStart makes it easy to integrate defibrillation and AED to your existing simulation training, adding an extra layer of realism to simulations.

Defibrillator bag  
Catalog Number: 400-09750

Tablet PC  
Catalog Number: 400-09201

LLEAP licence for SimPad PLUS  
Catalog Number: 204-50150

SimPad PLUS operating device  
Catalog Number: 204-30101

If you are new to simulation:

### The perfect entry point

SimStart has everything you need to start training:

- Monitor/Defibrillator bag
- Tablet PC
- LLEAP licence for SimPad PLUS
- SimPad PLUS operating device

Catalog Numbers:  
285-00001
